

2010 Webster Lake Association 5th Annual Golf Tournament

The Webster Lake Association is delighted to announce the date of its 5th Annual Golf Tournament. This event will be held on Saturday, September 18th at the Raceway Golf Course in Thompson, CT.

The tournament will be a Florida Style/Scramble format that includes 18 holes of Golf with Cart, Lunch, Cocktail Hour & Steak or Chicken Dinner. There will be various contests and opportunities for sponsorships. During dinner we will host a Silent Auction and Raffle. This tournament is limited to 36 teams on a First Come, First Served basis. Further details and applications will be published as soon as they become available.

The tournament is the biggest fundraiser of the year for the WLA with all proceeds benefiting the entire watershed, which also benefits our community's water resources. The WLA shares its wealth of experience and technology with other environmental groups across the country through the WLA websites, booklets and presentations.

Over the years, we have been very fortunate by receiving an overwhelming amount of support from our local businesses in the form of sponsorships, gifts and or monetary donations. Many of these business owners do not reside on the lake yet they unselfishly support us and have helped the tournament grow in net profit year after year.

We're in for another great tournament. Please consider joining us as a participant, sponsor or volunteer.

Thank you,

The 2010 Golf Committee
